

Comparing Paleolithic and Neolithic Time Periods

Stones vs Seeds

What changed - Paleolithic - Old Stone Age

2.6 to 10,000 years ago

List characteristics of the Paleolithic Time Period:

Introducing the Neolithic Time Period - 12,000 Years Ago

Go to this site:

<https://genographic.nationalgeographic.com/human-journey/>

- a) Look at the map and review some of the route highlights.
- b) Scroll down and read about our "human journey". I showed you the video today. Summarize the "Out of Africa" journey in 5 points. Consider some of our "great leaps".
- c) Click on the "rise of agriculture" link and read and take notes to summarize and define the neolithic period.

Read the Cartoon.

What changed?

Can You See The Difference

Fruit

Nuts

Seeds
